"Healthy People Enjoying Life"
Brenda Stewart – 1st Place

My name is Brenda Stewart and I am forty-two years old. I was born in L.A. now I live in Stockton. Things I like to do are going to P.C.S, doing art, 12 step group, and couples group. My theme for this mixed media collage is about people doing healthy things, like playing ball and enjoying walking their lovely dogs and reading books outdoors.
